BURIAL PLOTS

WEST SIDE - A

Updated - August 2021

Copyright: A H REDEORD

The Parish Church of

St. Anne & St. Laurence,

Elmstead Market, Essex

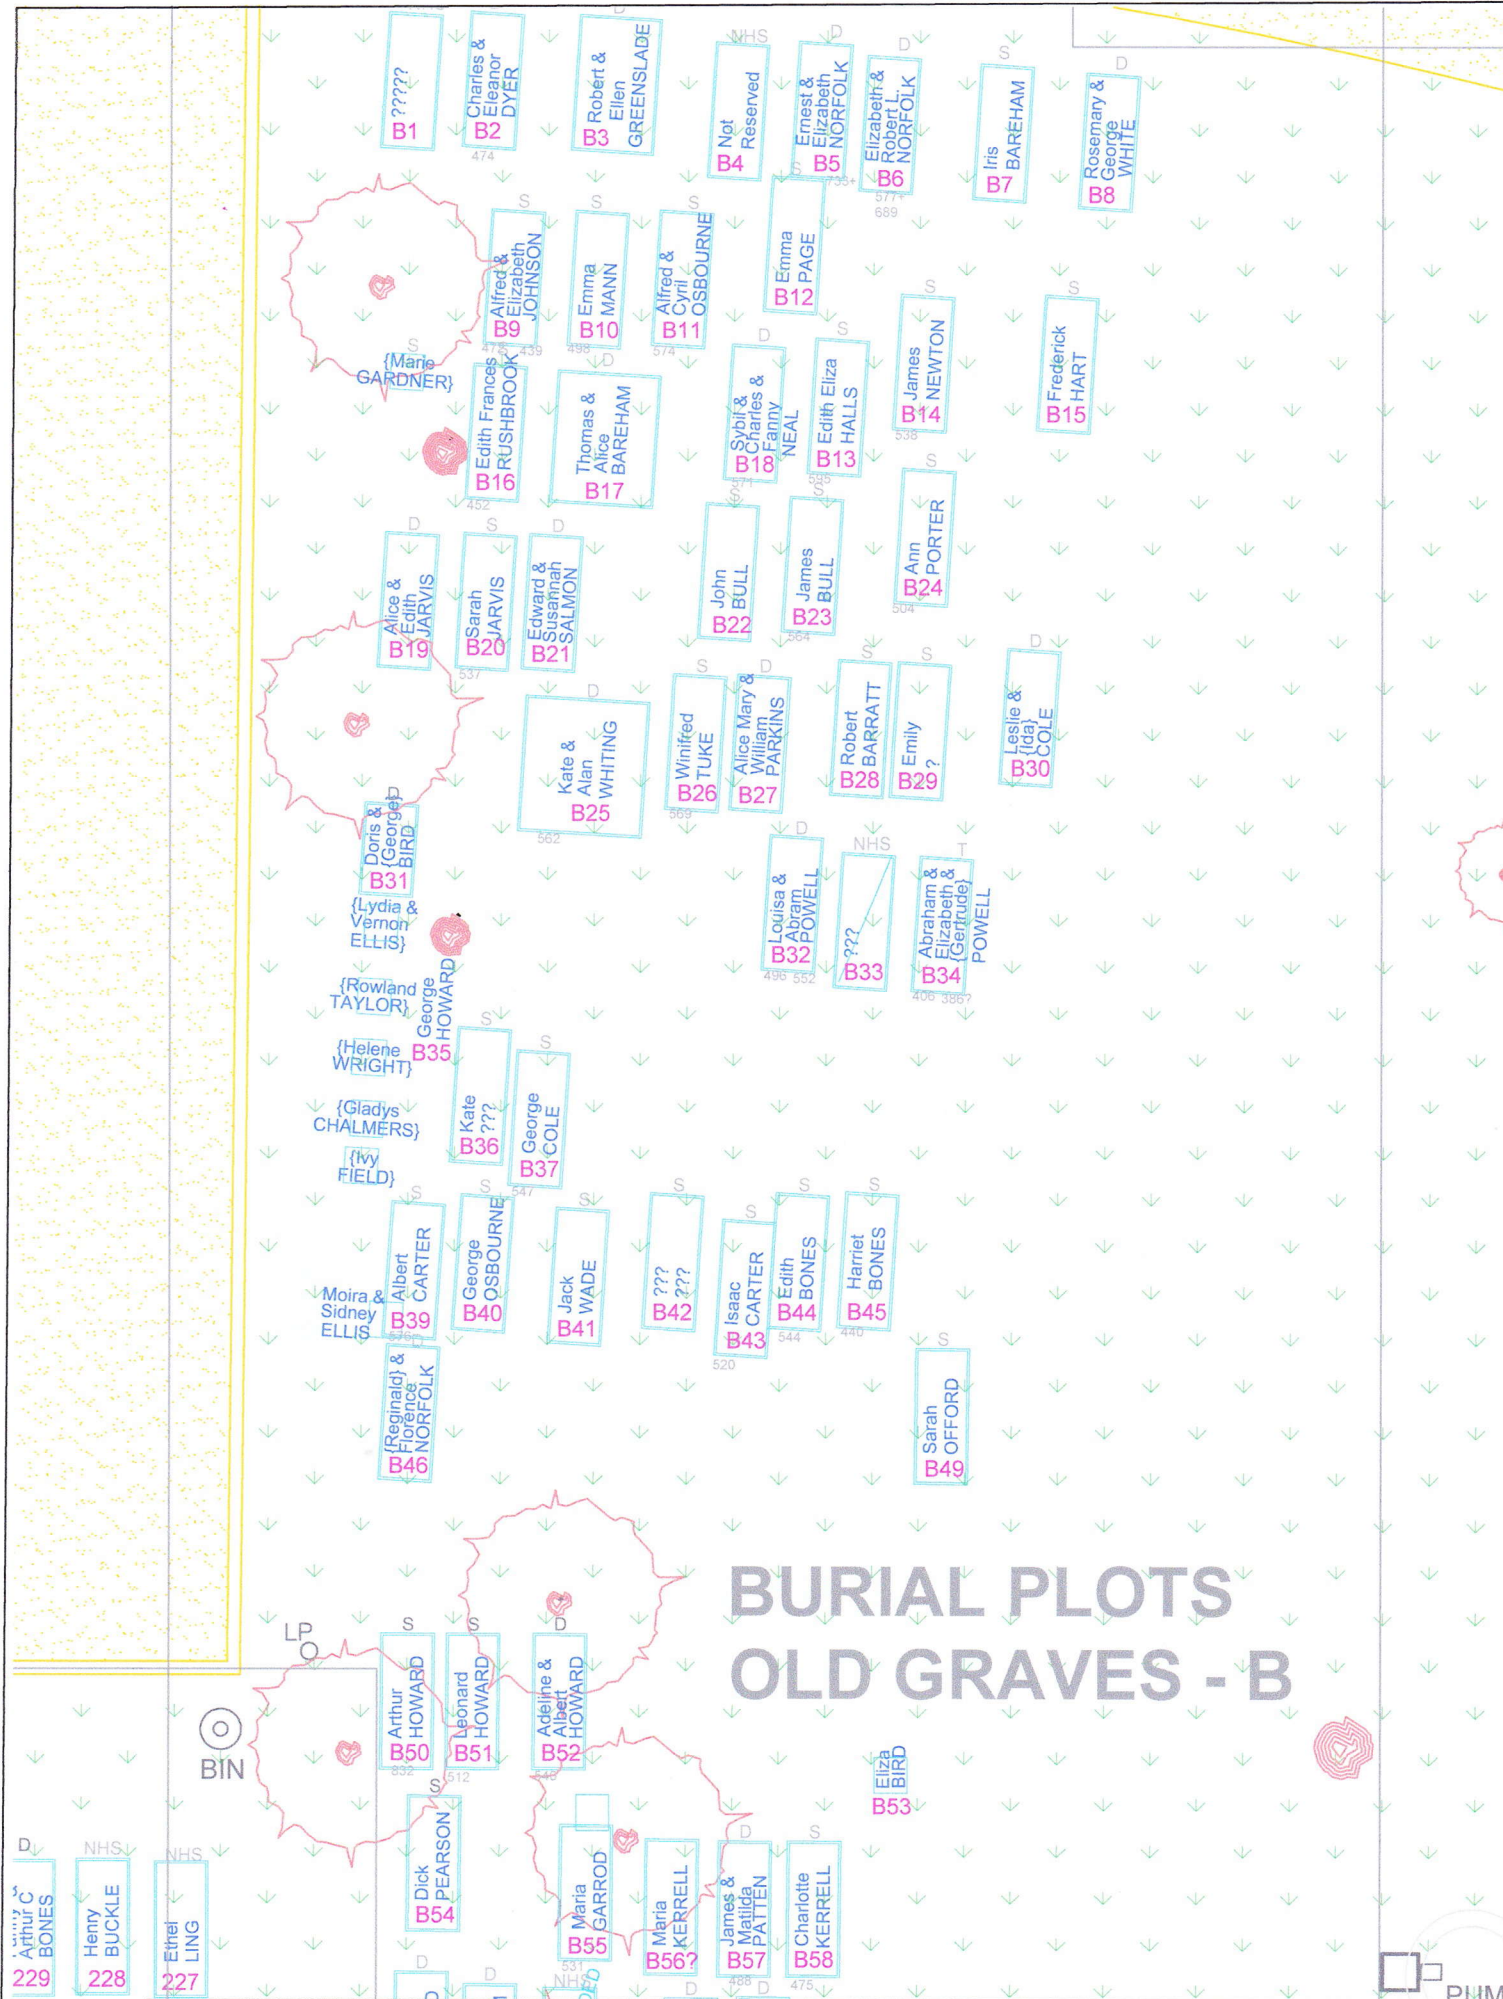

A vertical strip of a red, branching, fractal-like pattern, possibly representing a biological structure like a coral or a mathematical fractal. The pattern consists of numerous small, interconnected branches that form a dense, complex network. The color is a vibrant red, and the overall shape is elongated and narrow.
